

**SONIC WOODBLOCK CLOCK**

Natural Birch

Cassia Siamea

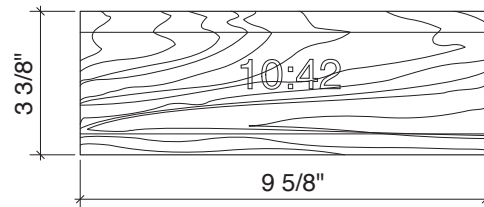

Seemingly magical and with a presentation as natural as wood itself, the **Sonic Woodblock Clock** incorporates a one inch high LED time display that shines through a thin cut wood veneer face.

Clock functions include 12/24 hour time format, date, alarm, with 6-cycle snooze, and a night/economic power mode where the LED brightness automatically reduces between 6pm and 7am.

Additionally, the Sonic Woodblock Clock houses two internally powered speakers positioned 180° for full audio, stereo output of your connected portable or external device - iPod, MP3, MP4, CD player, PC, laptop, etc...

Item No. **400SWBC-**

- NB** (Natural Birch)
- CS** (Cassia Siamea)
