## material & finish options

### *Metal Finish:*

brushed aluminum (CM-012)

brushed rose gold (CM-046)

brushed brass (CM-047)

### *Wood Body:*

walnut (CM-055)

dark stained walnut (CM-056)

Alternate input voltages available  
All Calx fixtures suitable for a sloped ceiling

*The calx is a nice example of modern design where the methods and the materials themselves are integral to its very conception, aligning form and function, which creates a synergy that is evident. The fixture ultimately forms a square aperture but enjoys a beautifully simple faceted structure.*
